Construction Skills Queensland has provided funding through its Skills Assessment & Gap Training Program to deliver training and assessment services to enable existing workers and new entrants to have their building and construction trade skills assessed and recognised to achieve their formal qualifications.

**Qualifications**

Under this program, Evolution Training is able to offer training for the following Qualifications across Queensland:

- RII30809 Certificate III in Civil Construction (Plant Operations)
- RII30912 Certificate III in Civil Construction (Road Construction & Maintenance)
- RII30912 Certificate III in Civil Construction (Bridge Construction & Maintenance)
- RII30912 Certificate III in Civil Construction (Pipe Laying)
- RII30912 Certificate III in Civil Construction (Road Marking)
- RII30912 Certificate III in Civil Construction (Timber Bridge Construction & Maintenance)
- RII30912 Certificate III in Civil Construction (General)

**Strategy**

The delivery strategy for this program will be based on a staged approach as depicted below:

Participants must undertake a **minimum** of two (2) gap training competencies. Gap training will only be funded under this program to a **maximum** of eight (8) competencies. Any additional gap training will be offered under a Fee-for-Service arrangement.

Please note that funding and places are limited for all programs and eligibility criteria apply (see over).
